

# **WOOF! RESCUE DOG TANNER** **NEEDS A HOME**

Meet Tanner, a 3 year old, 14 lb. red Miniature Pinscher with boundless energy. He loves to go for walks, and leaps in the air when the harness and leash are brought out. In the street, he greets every dog in sight while wagging his tail. Tanner enjoys treats and likes to curl up on the couch or bed with his foster mom and get belly rubs. He will be happiest with a big yard, but he could live in any type of home as long as he's taken on long walks and receives lots of love from his forever family. Tanner is neutered, has all his shots, is microchipped, heartworm tested negative, and ready for adoption.
